Updates

- **May 30, 2007** – New software version 3.2.8 is required for the WireScope™ 350 and FrameScope 350.
- **May 30, 2007** – Added Premium 6® to system options.
- **April 28, 2008** – The WireScope Pro has been approved for testing of System 5e®, Premium 5e®, System 6®, Premium 6 and 10G 6A™ systems.
- **January 2011** - New software version 3.0.53 is required for the WireScope Pro unit. Please note that this unit along with the WireScope 350 and FrameScope 350 are discontinued by Agilent and will be supported until November 1, 2014 by Agilent. Please note that these units are still approved for warranty purposes by The Siemon Company until further notice.
- **May 27, 2015** – Agilent (Keysite) has obsoleted the WireScope™ 350, the FrameScope 350 and the WireScope Pro. Siemon no longer recognizes these field tester in the Siemon Cabling System Warranty program.
