Updates

- **May 30, 2007** – New software version 3.2.8 is required for the WireScope™ 350 and FrameScope 350.
- **May 30, 2007** – Added Premium 6® to system options.
- **April 28, 2008** – The WireScope Pro has been approved for testing of System 5e®, Premium 5e®, System 6®, Premium 6 and 10G 6A™ systems.
- **January 2011** - New software version 3.0.53 is required for the WireScope Pro unit. Please note that this unit along with the WireScope 350 and FrameScope 350 are discontinued by Agilent and will be supported until November 1, 2014 by Agilent. Please note that these units are still approved for warranty purposes by The Siemon Company until further notice.

SOLUTION 5e[®], PREMIUM 5e[®]

Tester Model	Software Version	Link Adapter	Channel Adapter
WireScope 350	3.2.8	N2604A-101 ¹	N2604A-100
FrameScope 350	3.2.8	N2604A-101 ¹	N2604A-100
WireScope Pro	3.0.53	N2644A-101	N2644A-100

Notes:

¹ Although discontinued by Agilent, the Siemon System 6 link adapter (p/n N2604A-039) can also be used to test category 5e or 6 links.

² Although these units are discontinued by Agilent, Agilent will be supporting them until November 1, 2014. These units are still approved for warranty purposes by The Siemon Company until further notice.
